

## **GLLC STRATEGIC PLAN for 2023-2027**

#### **PURPOSE OF THE PLAN**

The leaders of the Great Lakes-St. Lawrence Legislative Caucus (GLLC) developed this Strategic Plan to strengthen the organization; promote the role of state and provincial legislators in the policy making process; and make the Caucus a forum for taking coordinated regional action to address key issues that affect the Great Lakes and St. Lawrence River. The first iteration of the GLLC Strategic Plan was developed in 2018.

### **ACCOUNTABILITY**

The major elements of this plan will remain in effect from 2023 through 2027. The GLLC Executive Committee will conduct a systematic review of progress made on the strategies and priorities and revise them as needed to help the Caucus achieve its mission. The review will be presented to the GLLC membership at the Annual Meeting. The leaders of the Caucus will undertake a new strategic planning process in late 2027 following the election of a new leadership team at the 2027 Annual Meeting.

#### **VISION**

The GLLC will strengthen the role of state and provincial legislators in the policymaking process to restore, protect, and sustainably use the Great Lakes and St. Lawrence River basin.

#### **MISSION**

The mission of the GLLC is to strengthen the role of state and provincial legislators in the regional, national, and binational policymaking process by providing a forum to advance policy recommendations, collaborate, and educate around the restoration, protection, and sustainable use of the Great Lakes and St. Lawrence River for current and future generations.

### **VALUES**

<u>Balanced</u>: Recognizing the interdependence of the ecology and the economy of the Great Lakes and St. Lawrence River, the Caucus will strive to balance the needs of both when cooperating to develop legislation.

<u>Future Thinking</u>: The Caucus will consider the potential impacts on future generations as it works to solve today's problems.

<u>Transparent</u>: The Caucus will make information on its policy development and other activities publicly available so that stakeholders will be able to understand every step of the process leading to policy implementation.

<u>Diverse</u>: The Caucus values a membership that reflects the diversity of the legislative bodies in the Great Lakes and St. Lawrence River region.
